## "WHITE WAY" BE- ING CONSIDERED

For Cloverport. City Light Co.,  
Discusses the Plan. May In-  
crease Ice Supply Too.

At the monthly meeting of the board of directors of the Cloverport Light and Ice Company which was held Thursday night, there were, two very important plans under discussion: one being that of having a "White Way" on Cloverport's Main street; and the other was to increase the supply of ice from 10 tons, to 15 or 20 tons daily.

Mr. Collier, representing the Varny Electric Supply Company, Evansville, and Mr. Bungarten, of the Volt Machine Company, Louisville, met with the directors and put these two propositions before them.

Mr. Collier was interested in the "White Way" plan. The directors have for some time, contemplated putting six 500 power lamps along Main street from the corner of A. R. Fisher's Drug Store to the next corner of J. Brown's. No definite action was taken on the matter, however, it is still under consideration and no doubt will be carried out sooner or later.

The Cloverport Light & Ice Co., is one of the growing business of this city. In the last year it has been very successful financially, and in time will probably be declaring dividends to its stockholders. The late Dr. A. A. Simons, who was one of the directors of this company, once said that when the Light and Ice plant got on a paying basis that the company would then consider building a public water-works system. But whether the present directors will ever undertake to carry out Dr. Simons' ambition or not remains to be seen. The company, in all probability will first increase the supply of ice and then add the other increases for business.

## HUNTING SEASON OPENS SATURDAY

Hunters Busy Over State Get-  
ting Ready. Only 20 Licenses  
Issued in County.

From all accounts, the huntersmen of Kentucky are making extensive preparations this year for the hunting season which opens Saturday, Nov. 15. The quail season opened in Indiana, Monday, Nov. 10.

Reports from over the State indicate that birds will be plentiful in some parts while in other parts they are very scarce. Evidently the situation in Breckinridge county is not conducive to much hunting around here. County Court Clerk Beard says he has only issued twenty licenses this year, which is a small number in comparison with previous years.

Experts declare the best quail haunts are found in Western Kentucky.

## GENERAL ASSOCIATION OF KY. BAPTISTS.

Held Meeting in Georgetown Monday  
And Tuesday.

The General Assembly of Kentucky Baptists held a two days session in Georgetown, Tuesday and Wednesday Nov. 11, and 12, at the Baptist church. There were more than five hundred delegates present at the meeting.

Rev. A. N. Couch, pastor of the Cloverport Baptist church was sent from here as a delegate for the Ministers.

## MR. VANCONEY BURIED AT DUKES.

Mr. John VanConey, age 67 years, died suddenly on Thursday at his home on Julian Brown's farm near this city. Paralysis caused his death. He was buried in the Dukes cemetery on Friday. His widow and four children survive.

## NEGRO WOMAN KILLED.

Irvington, Ky., Nov. 10, Special—  
Garley Cole killed Eula Board, Friday  
evening at 9 o'clock. He shot her  
with a double barrel shot gun, the  
loads striking her in the breast killing  
her instantly. She leaves a husband,  
Lewis Board and two children. The  
parties involved are colored.

## \$67 COLLECTED FOR KY. CHILDRENS HOME SOCIETY.

Cloverport has subscribed \$67 to-  
wards the \$300, assessment in the  
Kentucky Children's Home Society  
Campaign. The campaign committee  
has raised this amount through giving  
entertainments. The receipts from  
school play which is announced for  
Monday, Nov. 15, will help swell the  
funds considerably more.

## DEATH DUE TO HEART TROUBLE

E. B. Oglesby, Life Long Resi-  
dent of This Place Passed  
Away Tuesday.

Mr. Edward B. Oglesby, 76 years  
old and a descendant of one of the  
pioneer families of Cloverport, passed  
away at the home of his birth in this  
city, Tuesday morning at 3:40 o'clock.  
His death was due to heart trouble  
from which he had been suffering  
several months, altho his last illness  
lasted only a few hours.

The funeral will be held from his  
late residence at 2 o'clock Wednesday  
afternoon. The services will be in  
charge of Rev. J. R. Randolph, pastor  
of the Methodist church. The interment  
will be in the Cloverport ceme-  
tery.

The active pall bearers will be:  
Messrs. Ira Behen, Lefe Behen, Hil-  
ary Hardin, Gordon McGavock,  
Marion McGavock and Harry New-  
som. And the honorary pallbearers are:  
Messrs. A. B. Skillman, Chas. E. Light-  
foot, L. D. Bowlds, John Lively, S.  
P. Conrad and J. M. Fitch.

Mr. Oglesby was born July 16, 1843  
at the Oglesby homestead which was  
owned and first settled by his parents,  
Rosa and Joseph Oglesby. On Decem-  
ber 17, 1878, he was united in mar-  
riage to Ella B. Watkins, of Holt, and  
they were given one child, a  
daughter, Mary Finley Conrad, wife  
of Mr. Shelby Conrad.

Mr. Oglesby spent his entire life on  
the farm and lived only in the one  
place. He was always actively en-  
gaged in farming, and took a good  
deal of interest in the progressive  
farming methods offered by the coun-  
ty agents. Mr. Oglesby's home was  
known far and wide for its hospitality  
and he never ceased to be the same  
genial host. He was a man who was  
very charitable in his nature and he  
spent his life in caring for others.

With his widow and daughter, he  
is survived by five grandchildren;  
Samuel Edward, David Henry, Kath-  
erine, Mary Grey and Ella Watkins  
Conrad.

## BAPTIST PASTOR HAS RESIGNED

Rev. A. N. Couch Will Preach  
His Last Sermon On Dec-  
ember 7.

The Rev. A. N. Couch, pastor in  
charge of the Cloverport Baptist  
church has tendered his resignation  
as pastor of this church. His resigna-  
tion was accepted and will become  
effective December 7.

Rev. Couch came here from Owens-  
boro about four years ago, and his  
pastorate here has been satisfactory  
to the members of his congregation.  
He has not divulged any of his plans  
for the future.

## Cloverport Asked For \$300 Memorial Fund.

John Gibson Here In Interest Of  
Memorial For Ky. Heroes.

Mr. John Gibson, of Irvington, a  
former Captain in the U. S. Army,  
was in Cloverport, Wednesday in the  
interest of the proposed \$100,000 Mem-  
orial Building to be erected on the  
campus of the University of Kentucky  
to commemorate the 2,726 fallen her-  
oes of the State.

Mr. Gibson met with women of the  
Wednesday Club that afternoon at  
the home of Mrs. D. B. Phelps, and  
asked them to raise \$300 in Cloverport  
for the fund, but the women did not  
respond very readily on account of  
two other drives that are on in the  
town at present.

Mr. Gibson named the two Clover-  
port boys, Geo. W. Ahl and Wm. B.  
Burnett, who died in service. Breck-  
inridge county's quota for the mem-  
orial fund is \$1,500.

## SEASON CLOSES FOR BASKETBALL

Home Teams Win Both Games  
Saturday. Gardner Hawkins.  
Refereed.

Two very interesting basketball  
games were played on the C. H. S.  
campus, Saturday afternoon, the local  
teams winning both games. The C.  
H. S. girls defeated the girls from  
Hardinsburg 11 to 6, while the local  
boys won by a rather one-sided score,  
15 to 3. The boys' teams were not  
students, so was not considered a  
composed entirely of high school  
school game.

This was probably the last game of  
the season for the local teams, since  
it is getting late for outdoor games  
and no place can be secured to play  
inside. The C. H. S. boys have won  
four games out of six this fall, while  
the girls have played only two games  
winning both.

The local teams claim the cham-  
pionship of the county, since Hardins-  
burg defeated Irvington twice and the  
locals in turn have twice taken the  
measure of Hardinsburg.

Gardner Hawkins, of Stephensport,  
refereed Saturday's games and gave  
entire satisfaction to each side.

## SPLENDID OFFERING FROM WEEK OF PRAYER AND SELF DENIAL SERVICES.

During the week of prayer and self  
denial services which were held in  
the Cloverport Methodist church last  
week, the offerings amounted to \$20.  
Sixty per cent. of the money will be  
sent to the medical school in Shanghai,  
China, and forty per cent. goes to  
the New Wesley House under con-  
struction in San Francisco, Calif.

The offering is contributed aside  
from the dues and the missionary  
pledge of the local Woman's Mission-  
ary Society.

## MASTERSON-BEAVIN WED- DING IN TROY, IND.

The marriage of Mr. Austin Beavin,  
of Cloverport, and Miss Annie Mas-  
tersson, of Troy, took place in the  
Catholic church at Troy, Tuesday,  
November 11, at 7 o'clock. Rev.  
Father Schaefer officiated.

Mrs. Beavin is the daughter of M.  
and Mrs. Pat Mastersson, who lived  
here for a number of years.

Mr. and Mrs. Beavin arrived in  
Cloverport Tuesday afternoon and  
they are with the groom's mother.

## "OWN YOUR HOME" IS NECESSARY SLOGAN FOR CLOVERPORTERS.

Or Else Find Yourself Without a Place To Hang  
Your Hat. Real Estate Deals Continue  
Lively. But More Homes Are Needed.

## YOUNG MEN OPEN A SOCIAL CLUB

J. C. Weatherholt's Store Room  
Converted Into Club House  
20 Members.

Twenty of the young men of  
Cloverport have recently organized a  
very flourishing club, a distinct orga-  
nization to be known as the Cloverport  
Social Club, and Mr. J. C. Weather-  
holt's store room in the East End has  
been converted into a very cozy club  
house. The C. S. C. room has been  
suitably furnished, one corner being  
devoted to a library. A piano has  
been purchased, and dances will be  
given during the winter months.

The members have access to the  
club room any day in the week and  
many of the would-be-married ones  
find it a favorite refuge when their  
"best girl" is out of town or prob-  
ably living a far off.

At the first business meeting of the  
club the following officers were elect-  
ed: Randall Weatherholt, president;  
Harry Newsom, vice president; Curtis  
Weatherholt, secretary; Harry Berry,  
treasurer. These compose the social  
committee: Geo. H. McManus, Eldred  
Babbage, Miller Ferry, Ruth Pate  
and Joe Burke. The other members  
are: Wm. W. Seaton, T. J. Ferry, A.  
J. Ashby, Leonard Weatherholt, Don-  
ard J. Smith, A. J. Henning, Elmer  
Hoffous, Dr. C. R. Lightfoot, Wm. A.  
Wroe, B. M. Tucker and O. M. Clark.

## ALLEN WAGGONER BUILDING A HOME ON THE PIKE.

Mr. Allen Waggoner who at present  
is living on the Cloverport and Hard-  
insburg Pike, will soon be in his new  
home which is being completed and is  
located near the old still house, on  
the pike. Mr. Henry Yeager was the  
contractor for the cottage home and  
he returned Saturday after having  
finished the greater part of his work.

## DRYS CARRY IN KENTUCKY BY 10,000 VOTES.

Louisville, Ky., Nov. 7—Increasing  
majorities for state-wide prohibition  
were recorded today. The tabulators  
had figures from ninety-nine to the  
one hundred and twenty counties,  
showing a dry majority of 7,797. The  
figures largely exceeded the estimate  
for the whole state of the Anti-Saloon  
league officers, who predicted the  
twenty-one unreported counties will  
boost the dry majority to 10,000.

## IMPROVING UNDER THE OSTEOPATHIC TREATMENT.

The friends of little Miss Dorothy  
May will be delighted to know that  
she is gradually recovering from a  
nervous breakdown under the treat-  
ment of an osteopath.

Miss May has been in Owensboro  
with her parents, Mr. and Mrs. Henry  
May, where she is taking the treat-  
ment daily, and she is showing much  
improvement in her condition.

Within the last six months, twenty-  
two houses have been sold in Clover-  
port. Some of the new property own-  
ers are new comers, who are taking  
up their domiciles in this port, while  
the others have been renters and have  
found it necessary to own their own  
home if they expect to keep a place to  
hang their hat for any length of  
time.

With the prospect of the federal  
highway and of work beginning on  
the Government Dam 45, at Addison,  
Ky., within a short time, there will be  
a dire need for more home in this  
community, so the citizens who are  
not already property owners are buy-  
ing in order that they may be sure of  
an abiding place.

It has been authentically stated that  
two men were in this city last week;  
one looking for a store building, and  
the other was hunting a desirable  
place for a hotel and rooming house.

## Latest Transactions.

The latest transactions have taken  
place in the East End. A. S. Sutton  
read in The Breckenridge News, a  
few weeks ago that the only safe  
plan to keep from moving was to own  
a home in Cloverport, so he decided  
to drive a peg and be a real Clover-  
porter. Mr. Sutton has purchased  
from Ernest Boyd the pretty little  
cottage on the corner opposite the  
depot.

This makes two real estate deals on  
that corner in the last week and five  
in the last ten days.

Toussy Rogers has sold his home  
out on Murray avenue to Felix Beavin.  
Beavin in turn has sold his property  
on the Pike to O. S. Hendrickson.

Tom Rogers has bought a farm  
near Sulphur Springs, Ohio county.  
He will not move his family until the  
first of the year, but he has been sow-  
ing wheat the last week, and making  
preparations for extensive farming for  
next year.

Austin Beavin has sold to Raymond  
Dunt the house in the lower end of  
the city, known as the Jas. Lay prop-  
erty.

A piece of property that has not  
been previously reported was the sale  
of the Farnsworth residence on rail-  
road street to Wm. McCracken, while  
Mr. McCracken is to move away he  
will rent until he sees that he is satis-  
fied in his new location at Howell,  
Ind.

## NOTICE.

Notice is hereby given that the

The Baptist Missionary Society met Wednesday afternoon with Mrs. W. T. Gregory and Mrs. H. E. Moorman, of Garfield.

Rev Kellogg Smith and family have vacated by P. A. Priest.

George Gray, of Owensboro, was the guest of relatives here last week.

Murray Nix and family have moved to the farm recently vacated by Robert Kennedy.

Mr. and Mrs. Rowmer Smith and children, of Lodiburg are visiting Rev. and Mrs. K. Smith and other relatives.

### DON'T OVER LOAD.

Do not get well loaded, even at meal time. Over-production has killed more people than under-consumption. Taking on a bigger load than our ship can carry will soon sink it. Over feeding and under assimilation have dug more graves than have poverty and starvation.

## Our Duty: to Select and Satisfy You!

We must have here in this building all the dry goods, wearing apparel and household necessities that you have the right to expect to find here, and it must always be just the sort you want and must satisfy you in every particular.

That is no small responsibility.

Yet, have you ever stopped to think how near we come to accomplishing all that, every day of the year?

Right now this store is at the top-notch of fullness. Everything is here in good supply. Later on you will, of course, expect less, in the matter of assortments and quantities. So, in order to have us give you the best service of which we are capable, we suggest that you let us supply all your anticipated wants now.

We'll be here every day to take care of unexpected needs and current supplies; but wherever forehanded buying can give you more exactly what you want, we trust that it shall not be our fault if you are not served when the buying is at its best.

## We Like Them Better and Better ---These New Suits for Women

We were very proud of our Autumn collections of Women's Suits, as soon as we saw them all together on our floor but we have been doubly delighted since we began to see them worn on the streets of our city.

They look doubly handsome, when we see them individually worn by dozens of stylish women, who give them such added dignity and distinction.

Tailored Suits have never before been designed with such artful becomingness for the wearers. If yours is not yet provided you'll be gratified to select from a collection such as this.

Come and Try Them On

## A Charming Display of New Coats for Women

Full length Coats are the rule, with slightly more width at the bottom than last season. The straight line back is most favored and is exceedingly graceful. Sleeves, for the most part, are distinguished by the large armholes—some being made in raglan effect. Many have collars of furs; though the self collar, in new full and broad effects is constantly seen.

Belts of many styles are used. Buttons, inverted pleats and many other features give new style and character to the coats.

Foresighted women will have the new Coat ready for the first crisp days; for then is the highest satisfaction in wearing them.

# PRESIDENT WILSON PROCLAIMS NOV. 27, THANKSGIVING DAY.

Washington, Nov. 5. (Associated Press).—President Wilson to-day set aside Thursday, November 27, as Thanksgiving day in a proclamation which said the country looked forward "with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace."

The proclamation follows:  
"By the President of the United States of America.  
"A proclamation.

"The season of the year has again arrived when the people of the United States are accustomed to unite in giving thanks to Almighty God for the blessings which he has conferred upon our country during the twelve months that have passed. A year ago our people poured out their hearts in praise and thanksgiving that through Divine aid the right was victorious and peace had come to the nations which had so courageously struggled in defense of human liberty and justice.

"Now that the stern task is ended and the fruits of achievement are ours we look forward with confidence to the dawn of an era where the sacrifices of the nations will find recompense in a world at peace.

## Democracy Stands Firm.

"But to attain the consummation of the great work to which the American people devoted their manhood and the vast resources of their country they should, as they give thanks to God, reconsecrate themselves to those principles of right which triumphed through His merciful goodness.

"Our gratitude can find no more perfect expression than to bulwark with loyalty and patriotism those principles for which the free peoples of the earth fought and died.

"During the past year, we have had much to make us grateful. In spite of the confusion in our economic life resulting from the war, we have prospered. Our harvests have been plentiful, and of our abundance we have been able to render succor to less favored nations.

"Our democracy remains unshaken in a world torn with political and social unrest. Our traditional ideals are still our guides in the path of progress and civilization.

"These great blessings, vouchsafed to us, for which we devoutly give thanks, should arouse us to a fuller sense of our duty to ourselves and to mankind to see to it that nothing we may do shall mar the completeness of the victory which we helped to win.

## U. S. Was Not Selfish.

"No selfish purpose animated us in becoming participants in the world war, and with a like spirit of unselfishness we should strive by our example and by our co-operation in realizing the enduring welfare of all people and in bringing into being a world ruled by friendship and good will.

"Therefore, I, Woodrow Wilson, President of the United States of America, hereby designate Thursday, the twenty-seventh day of November next, for observance as a day of thanksgiving and prayer by my fellow countrymen, inviting them to cease on that day from their ordinary tasks and to unite in their homes and in their several places of worship in ascribing praise and thanksgiving to God, the author of all blessings and the master of our destinies.

"In witness whereof I have hereunto set my hand and caused the seal to the United States to be affixed.

"Done in the District of Columbia this fifth day of November in the year of Our Lord, one thousand nine hundred and nineteen, and of the independence of the United States the one hundred and forty-fourth.

("Signed")  
"By the President:  
"WOODROW WILSON.  
"Robert Lansing, Secretary of State."

## SCHOOL TEACHER MOURNS DEATH OF FORMER PUPIL

The letter following is from Miss  
Edna Henniger, of Louisville, written  
to Miss Lettice Critchlow, of Axtel,  
Ky., mourning the death of the lat-  
ter's sister, Miss Lydia Critchlow. In  
it she says:

"Have just heard of Lydia's death  
and can hardly realize that one so  
young and full of life can be no more.  
And too, I know it is impossible for  
me to say anything that will help you  
the least bit as grief can only be borne  
alone.

"As some great poet has said,  
"There is a reaper whose name is  
Death.

And with his sickle keen, He reaps the  
bearded grain at a breath.

And the flowers that grow between,  
And truly Lydia was one of the flow-  
ers. In fact she was one of the best  
girls I ever knew.

"Don't think I am trying to console  
you for I know it can't be done. But  
I just want to tell you how sorry I  
am, but I can't even do that for feel-  
ings can't be expressed in words. And  
altho you know she is much happier  
and with the mother she loved so well,  
yet that doesn't heal the sorrow, but  
only awakes the other afresh. For  
while she has gained, you've lost, oh,  
so much. There is only one comfort-  
ing thought, and that is, you'll see her  
in a land where there is no more  
sorrow.

"Give my kindest regards to the  
entire family for I know it is a great  
loss to all of you. Yours with Love,  
Lena."

GLEN DEAN

Miss Cecil Dix and Mrs. Shelton  
gave a Halloween party at the school  
house for the Kentucky Children's  
Home, and took subscription also and  
have gone over their quota. They  
gave \$37.

Miss Mildred Moorman also went  
over her quota at the Whittinghill  
school.

Mrs. J. T. Jones is attending the  
General Association at Georgetown.

Mr. and Mrs. Lewis Ashley, of  
Junction City, Kans., are visiting their  
son, Nolie Ashley.

Miss Ella Whittinghill visited  
friends here last week.

Miss Marion Dix spent last week-  
end at her home in Stephensport.

HATS FOR WAR BRIDES.

A new hat is the first thing sought  
by a war bride who lands at the port  
of New York.

"They all insist on going shopping  
immediately," said the Red Cross  
Home Service Secretary, who is of-  
ficial chaperone for the war brides.

"They always spent every cent of  
money they have, and they usually  
prefer to shop alone, especially the  
English girls, who are more indepen-  
dent than the French and, of course,  
understand the language.

"One little French girl bought a  
pair of American shoes and thought  
them so queer because they had such  
long lumps and the French shoe such  
short ones. It was days before she  
would go out in the street in her  
"funny looking shoes."

VALUE IN MILK SOUPS.

A large variety of soups may be  
made by utilizing not only milk but  
also left-over portions of vegetables  
and other foods. In making them  
allow from one-half to one level table-  
spoon of flour to each cup of liquid  
(including milk and the juice and pulp  
of vegetables) and one level table-  
spoon of butter or other fat.

Some of the flavors which may be  
used are onions, corn, asparagus, cab-  
bage, cauliflower, peas, beans, toma-  
toes, salmon or other fish, celery, spin-  
ach or grated cheese. These soups are  
nourishing and oftentimes a child not  
fond of milk can be persuaded to get  
down the daily quart necessary for his  
health by having part of it made into  
a milk soup.

IST DIVISION RECRUITING  
AT STATE CAPITOL.

Frankfort, Ky., Nov. 5.—A detach-  
ment of troops from the First Divi-  
sion of the United States Army  
composed of seven officers and eighty-  
two men arrived here today from  
Camp Zachary Taylor to recruit men  
for the division. The soldiers are  
camping on the ground of the old  
State Capitol, under command of  
Captain J. D. Andrews and Lieuten-  
ant J. L. Kirby. Twenty-two of the  
men are entertainers and while here  
will put on a comedy. The purpose  
of the camp is to present new educa-  
tional features of vocation.

PERSHING PUNCH,  
NEW BEVERAGE.

Here is a new beverage, called the  
Pershing punch. It is good for a cold,  
and for indigestion. It can be taken  
at any time, but for a cold take it  
good and hot: The juice of half a  
lemon, sugar to taste, a teaspoon of  
ground ginger such as is used in mak-  
ing cake, and a tumbler of hot water.

## BUSINESS MAN WOULD REFUSE OFFER OF \$500

Mattingly Declares Trutona's  
Benefits Worth More Than  
That Amount to Him.

Louisville, Ky., Nov. 10, 1919.—"I  
believe I would have died had it not  
been for Trutona, but now I feel good  
all over—just like a boy again and I  
wouldn't take \$500 for my relief," W.  
B. Mattingly, a well known and highly  
respected business man of Jefferson-  
town near here, said recently.

"For the past twenty-three years,"  
Mr. Mattingly continued, "I have  
suffered from kidney, nervousness and  
catarrh of the stomach. I often suffered  
severely from pains in my back,  
chest and stomach. The little food I  
ate didn't agree with me and I was  
usually constipated.

"I can't discern the least sign of my  
former nervousness, since I've taken  
Trutona. My bowels are acting regu-  
larly now, too. It seems that every-  
thing I eat agrees with me. The pains  
in my back, chest and stomach have  
vanished and I'm not annoyed at  
night by my kidneys as before. Tru-  
tona is a real medicine and I'm glad  
to recommend and commend it to the  
public."

Trutona is especially beneficial for  
stomach, bowel and liver troubles, cat-  
arrhal complaints, nervousness, sleep-  
lessness, loss of appetite and the like  
and has proven a splendid reconstructive  
agency, system purifier and body  
invigorant.

Trutona is now being introduced  
and explained in Cloverport at Wed-  
ding's Drug Store, in Hardinsburg at  
Lex's Pharmacy, in Irvington at  
Park's Pharmacy.

## SOME TOUCHES.

At first she touches up her hair  
To see if it's in place,  
And then with manner debonaire  
She touches up her face.  
A touch to the curls behind her ear,  
And then she's off to hubby dear  
A touch to silken collar,  
To touch him for a dollar.

## Slight Snowfall in North Dakota.

Dear Mr. Babbage: Find enclosed

my check for a year's subscription to  
The Breckenridge News.

I suppose you are basking in your  
shirt sleeves in the sun shine. We  
have a six inch snow which fell Oct.  
25th. People passing holding their  
ears. I don't like this.

Under separate cover I sent you a  
paper with my boy's picture in it  
showing you what a fine boy he is.  
That is what corn fed babies can do.  
If he had been older could have got-  
ten first prize.

Wishing you and yours success, I  
am truly, Mrs. J. A. Seybert, 909 8th

## THE NEW ADMINISTRATION.

After December 1st, Kentucky will go under a new administration. There will be a clean sweep of affairs, and if the newly elected Governor, Mr. Morrow, fulfills all of his promises, the change need not be for the worse.

Gov. Black admits that he was prepared for his defeat. He felt apprehensions of his election towards the last of his campaign, as did many others. The trouble was not with Gov. Black that caused his defeat. Personally, Black was a man of fine character and would have been a credit to Kentucky as a Governor. But for some reason the majority didn't want him. Nevertheless, we are of the same opinion as the Lexington Herald which said:

"It matters little today what were the controlling motives that influenced that majority; it matters little whether they represent fairly a preponderance of the intelligence, the education and the property of the State; in a democratic government it is the part of patriotism to submit to the rule of the majority unless and until the time for revolution comes; and to strive earnestly to make successful the administration of men chosen by the majority."

And now then, to Mr. Morrow and his colleagues, The Breckenridge News extends its felicitations, and earnestly hopes that the new administration will give its best to the State and upbuild it in every phase.

## SOME THINGS BETTER THAN GOLD.

A Chicago insurance man, whose salary has been \$10,000 a year, has resigned his position to accept the pastorate of a small Methodist church at \$2,500 a year. He gave for his reason in making the change, "that there are some things better than gold."

It is refreshing to learn of at least one man who has another aim in life aside from that of obtaining money. We are more or less prone to think sometimes that the majority of men now-a-days are out more for the dollar than anything else. They look upon work as an unknown quantity and have allowed themselves to become slaves of money. As Ruskin says in his famous lecture on Work, "If your work is first with you, and your fee second, work is your master. But if fee is first with you, and your work second, fee is your master."

There are in America today between 600,000 and 750,000 people out of work because they have made money their master. A little money has been a dangerous thing with them, and in their stupidity they think there is nothing else so nice as money, and consequently they are merely its slaves, but they call themselves "strivers."

So we glory in the ambition of this Chicagoan. And of course there are many others like him, even tho they may be in the minority, yet we find them—men who have made work their master and who can see that there are some things better than gold.

There have been so many drives in Cloverport lately that they have nearly driven us out of town. But even at that, we consider it a privilege to contribute to the Red Cross, the Kentucky Children's Home Society, and if a Memorial Fund drive is started, we will consider it a privilege to give to that too. The most that we can give to any of these causes is too little when we consider their worthiness.

It looks like the Cloverport Light and Ice Company hopes to make a real little city out of Cloverport. We congratulate the Company on its successful year, and hope it will continue to have them, in the mean time adding city water-works to its plant.

Lieut. Col. Theodore Roosevelt, who had such a sweeping victory in his election for a while on account of his home county, evidently has been endowed with his father's personal magnetism as well as his power for leadership.

Nearly 250 periodicals published in New York have been forced to suspend for a while on account of the printers strike, so if you are not getting your magazines on time this month have patience with the publishers.

The city merchants are swamping the country newspapers with advertising and getting the country trade that rightfully belongs at home. But when the country merchants won't advertise, what can you expect?

Tuesday, November 11, 1919 was quite different this year from Monday of the same date a year ago. If nothing more you could have celebrated the day with buying a Thrift Stamp. It isn't too late yet.

Maine is the nineteenth state to give women the vote. The longer Kentucky puts it off the less the women will have to tax their minds.

If you see anything worth while reading in The Breckenridge News, tell your friends about it.

Have you fallen in line with those early Christmas shoppers?

## LAST OF WAR BRIDES ON WAY TO AMERICA.

Brest, Tuesday, Nov. 4.—The last of the war brides of American soldiers left here yesterday for the United States on the steamship Northern Pacific. There were nine of them. One hundred and seventy-three left Sunday on the President Grant.

This virtually completes the "war brides work" of the Young Women's Christian Association. Mrs. Seymour,

the Y. W. C. A. executive, in charge of foreign work, said: "I am proud of our American boys. So far as is known only one war bride is coming back of nearly 3,600 sent to the United States."

Of this total, three-fifths of the number were French, one-fifth English, and the other fifth scattered among twenty-one nationalities. The brides ranged from 15 to 55 years of age. Some of them had three or four children by previous marriages.

## FARM AND STOCK

As we write the weather indications look good for a bright clear sky and fine weather for the remainder of the week. This is just what the farmers want in this section. Very little wheat has been sown on account of the rains and floods. Mr. John Lydan was in Hardinsburg, Monday, and reported that only 40 acres had been sown in his neighborhood so far. Said that he had planned to sow about 150 acres and had not yet sown a grain. The same was true of all his neighbors. Said that farmers were very much discouraged over the prolonged wet season. Said he intended to sow as much as he could even if it took him until December to do it.

The tobacco market is opening up and many crops have been sold to local buyers at the barns. Prices ranged from \$20 to \$35 for new Burley. Farmers around Stephensport and up at far as Rhodolia have sold their crops to Mr. Baldrige to be delivered at Stephensport. He reports 75,000 pounds bought last week several crops to be delivered in this city.

The following farmers report losses by high water: Eligah Brown, Sample, 350 bushels corn; Sidney and David Groves 1,000 bushels; Dr. Lee, 400 bushels; Emel Spencer, 400 bushels, all farmers near Rome, Ind.

Thos Oldham, Stephensport, sold his crop of 3,000 pounds of new Burley to Allen Lewis at \$24.50 round. Charley Bennett, Union Star 2,000 pounds new Burley at \$35, and Cleveland Stinnett his crop at \$35. B. F. Blaine, Stephensport, 2,500 pounds at \$35. All sold to Mr. Baldrige.

Mike Basham, living near Stephensport, has built on his farm a new barn 45x50x25 high. This is one of the finest and best built barns in that neighborhood. The material used is oak and pine and coated with paint. Mr. Basham sold his crop of Burley to Percy Beard, Hardinsburg, \$26.50 from the ground up.

Mr. Gentry said to be one of the best informed tobacco men in the Lexington, Ky., district reports that the price for the 1919 tobacco crop is expected to be the highest in the history of the industry. He says the market in North Carolina has already opened and the prices are the highest ever paid in that State. Common grades bringing from 40 to 50 cents a pound, while fancy offerings went to more than \$1. a pound. He says Kentucky burley usually brings better prices than the Carolina leaf and he expects the Kentucky growers to get a record price this year for their crops.

## 6 PER CENT DIVIDENDS DECLARED

By Federal Land Bank, Louisville. McQuady Farmers Will Draw Dividends.

Rev. John F. Knue, Secretary-Treasurer of the McQuady National Farm Loan Association, of McQuady, has just received notice from the Federal Land Bank of Louisville that the Directors have declared a dividend of six per cent per annum on all stock held by national farm loan associations. This will enable that association to declare a dividend to its shareholders, who are farmers in this vicinity borrowing from the Federal Land Bank. This dividend is not unexpected by persons acquainted with the progress being made by this bank. Although it has been in business for a little more than two years it has paid all of its organization expenses and has placed twenty-five per cent of its net earnings in reserve account, and after paying this dividend has a nice sum left in the undivided profits.

Regular dividends will be declared in the future. This dividend serves to reduce the interest rates to the borrowers. All of the profits of the bank go back to the borrowers in dividends, thereby giving the money to them at actual cost. The borrowers will soon realize that the stock owned by them in the national farm loan association and the Federal Land Bank is a good investment and one to be highly valued.

The Louisville bank now has loans of more than \$19,000,000 and it is estimated they will increase to \$30,000,000 within the next year. The success of the Federal Land Bank is assured.

"THE BANK THAT MAKES YOU FEEL AT HOME."

## JUST AROUND TOWN.

By E. G.

When Tom Rogers, over a year ago, bought the Hudson property on the corner of High and 3rd cross street, he thought he had just settled for life. But city life was too strenuous for Tom, he found he could not farm and talk politics all at the same time, and he longed for country life, again. So he decided to sell his property and go to the hills where he could throw clods at the crows, and raise more

tobacco. Now just about this time, Harrison Thurman decided country life was too strenuous for a man of his years, and he wants to buy a home in town. So he came to town on the look for a house, and struck Tom for a trade for his property, and the results was a deal at once. Thurman paying, Rogers twenty-five hundred dollars, the amount asked. Mr. Thurman will take over the property Jan. 1st, but in the mean time he expects to make life worth living, and has bought a self starter Ford auto, in order to pass away the time, and to go back and forth to his farm.

At the rate houses in Cloverport are being bought it won't be long, if no new houses are built the future generation will have to go back to cave men.

When it comes to living in under ground flats, Harry Newsom is going to rent a chain of flats in the hill side back of his house. No blue prints has yet been made of the plans, but they will be heated by nature, and watered by underground seepage. The prices will be governed by the location of rows, the upper rows bringing the best prices. No garden will go with these flats.

Lay a bet on rolling 'em with

# PRINCE ALBERT

the national joy smoke

ROLLING your own cigarettes with Prince Albert is just about as joy'us a sideline as you ever carried around in your grip! For, take it at any angle, you never got such quality, flavor, fragrance and coolness in a makin' cigarette in your life as every "P. A. home-made" will present you!

Prince Albert puts new smokenotions under your bonnet! It's so delightful rolled into a cigarette—and, so easy to roll! And, you just take to it like you been doing it since away back! You see, P. A. is crimp cut and a cinch to handle! It stays put—and you don't lose a lot when you start to hug the paper around the tobacco!

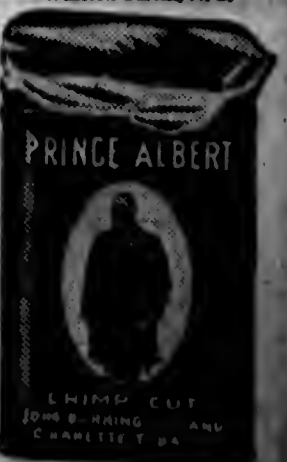

You'll like Prince Albert in a jimmy pipe as much as you do in a home-rolled cigarette, too! Bite and parch are cut out by our exclusive patented process. You know P. A. is the tobacco that has led three men to smoke pipes where one was smoked before. Yes sir, Prince Albert blazed the way. And, me-o-my, what a wad of smokeport will ripple your way every time you fill up!

**KENTUCKY.**

Dear Old Kentucky! You are not the oldest nor yet the youngest state in the Union. Neither are you the richest, poorest, largest, or least. But for Genuine Hospitality, for honorable men, fast horses and pretty women, you have all the other states "Beated," by far. Again, I would mention the high, rocky hills, rivers, flocks and herds. The beautiful roadways and running brooks. The green fields and blue skies. The happy homes and loving hearts. Which, make it "A Little Bit of Heaven"—This side of Heaven. The very best place God ever made on earth—"A Garden of Love"—My Paradise—Kentucky.

**CAMPAIGN VICTORY WEEK APPROACHES.**

With but three weeks ahead of the Baptists in Kentucky, the interest in the Campaign and the talk of Victory Week is so on the minds of the people that everywhere they are looking forward to December 7th, when they are confident that the six and a half million dollars will be more than raised. The people are giving themselves to this work in a peculiar way and their interest is centered upon the big drive which is to be made. The organization of the church is such that a number of teams will receive pledges and cash for this great undertaking of November 30th. It is their expectation to raise this money in one day's time.

**CAUSES FOSTERED BY THE CAMPAIGN.**

Baptists who will make a pledge for the 75 Million Campaign which will be intended to be sufficient funds for the work of the denomination for the next five years will contribute to the following objects: Foreign Missions; Education; Home Missions; State Relief; Hospital. When the money Missions; Orphans' Home; Minister is given it will be divided among these objects and the work of the denomination will be world-wide in its workings.

**STEWARDSHIP.**

The month of November is set apart by the Southern Baptist as Stewardship Month and the leaders are endeavoring to lead the people to know that it involves more than the stewardship of money. Pastors are preaching the stewardship of time, talents, capabilities and life as well as property. It is a new day for those who have caught the vision and as a preparation for Victory Week, which is November 30-December 7, it is considered the best.

**KEEPING CLOSELY IN TOUCH WITH MARKET CONDITIONS**

Farmers who sell vegetables or other farm produce to consumers or retail stores find that taking pains to inform themselves on the condition of the market is very much worth while. Frequently a telephone inquiry or reference to the local paper will reveal a demand or lack of demand that seriously affects the value of a product. The information so obtained may suggest a delay in taking the produce to town, and give the seller a considerably better price. In advertising goods for delivery through parcel post it is particularly important that the farmer keep closely in touch with the demands and tastes of prospective customers. To advertise goods at the wrong time is to throw away money. To offer them for sale at the most favorable time and at proper prices means getting the largest returns for labor and investment.

**AN EGG ODDITY.**

Pottsville, Pa.—The most curious egg ever seen in this section was exhibited by Deputy Clerk of the Courts Charles Hawk and Deputy Recorder Unger. It is six inches in diameter and when opened was found to contain two yolks and two shells, a perfect egg being found within the outer shell. The egg was laid by a Plymouth Rock hen owned by William Baker, a farmer near Tower City.

**PUBLIC SCHOOL OBSERVES ARMISTIC DAY.**

The closing of the Cloverport Public School was the only observance of Armistic Day in this city on November 11. The business houses, bank and post-office were opened as usual and aside from knowing the date, and seeing the children out of school, there was nothing else to remind one of the triumphant celebration of one year ago.

**RABBIT SKINS ARE IN DEMAND. PELTS USED BY HAT MAKERS.**

In recent years several kinds of fur, formerly of so little value as to offer no inducement in price, and consequently collecting them has been made profitable. Rabbit pelts, which are extensively used by hat makers, are among these products. One eastern concern has announced that it will need 10,000,000 rabbit skins during 1919 and 1920, and it desires as far as possible to secure them from American sources. This is an indication of a market which should interest many a farmer boy. This fall and winter dried, cased rabbit skins will probably bring a reasonably good return. They are sold by the pound which will contain seven or eight skins. Many farm boys can readily acquire, in the course of the winter, large numbers of skins which will net them a tidy sum and, in addition, they will have the pleasure of trapping experience. The United States Department of Agriculture will supply any inquirer with the names and addresses of possible purchasers of rabbit skins and other pelts.

## WILL THE INFLUENZA RETURN?

Public Health Authorities Predict its Recurrence

Guard Against it by Building Up the Blood.

Pepto-Mangan Creates Rich Red Blood and Increases Strength.

Surgeon General Blue, of the United States Public Health Service, in a recent statement from Washington, warns the public that the much-dreaded influenza epidemic will probably return this fall and winter. All medical authorities agree that the weak, bloodless, rundown individual is more likely to contract this (as well as any other infectious disease) than is the strong, robust, red-blooded man or woman. In view of these facts, it is wise to use every effort to build up the blood and thus increase the bodily resistance to the invasion of the germs of the disease. Gude's Pepto-Mangan is an absolutely dependable red-blooded builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Gude's Pepto-Mangan. When you order, be sure the word "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.

## CHICAGO PROFESSOR CALLS CHILDLESS MARRIAGE NO MARRIAGE.

Chicago—Happiness of man and woman is only a secondary affair in marriage, the prime purpose of which is to produce robust children. Prof. William J. Durant, of Columbia University said in a lecture at the Sinai Social Centre here last night. "Where there are no children there is no marriage," he added.

Free love is impossible, the professor said, because conquests of a man are praised by other men, "but if a woman had had one free love affair she is held in ridicule and belittled by her associates."

Most men now marry after they have become incapable of love," the professor continued, "and then comes your divorce."

"Courts say that divorces are due to cruelty, drunkenness and half a dozen other things, but they are all wrong. The three fundamental reasons for divorce are:

"1. The maturity vanity of both sexes.  
"2. Psychological incompatibility.  
"3. Lack of children."

### DOWN TO BUSINESS.

The Government is not sitting around waiting for something to happen in the coal strike. Its attitude on the defense is reassuringly alert. The Fuel Administration is again in being. Already the railroads have been given the power necessary to enable them to seize coal in transit for distribution according to the preference list. The supply of coal is mobilized and will go promptly to the point where needs are most imperative.

There are indications that considerable numbers of miners will remain at work and that the troops necessary for their protection, in the event of impotence of local authorities, are trained or ready to move. After its experience, both in America and in France, it is not surprising that the War Department has plans ready for the disposition of its forces. Law and order are assured for the strike districts.

An Executive order has fixed maximum prices for coal so that the shortage, if it comes, will not be a source of profit to mine owners who have stocks on hand. What is fair to one side is also fair to the other. We are not to have panic prices, any more than we are to have terrorism in mining camps.

The great struggle has not caught the country unprepared. How long it will last or what privations it may impose no one can yet know. But the lessons of organization which have been assimilated in the past two and a half years materially decrease the prospect of hardship, no matter what turns the immediate future takes.—Boston Globe.

If what we don't know won't hurt us, then the most of us are immune from an injury.

### "PLEASE SEND NO GIFTS" TO RAIL CHIEF'S DAUGHTER

Philadelphia, Pa., Nov. 4.—The invitations to the wedding of Miss Ruth Rea, daughter of Samuel Rea, president of the Pennsylvania company, bear the request:

"Please send no gifts."  
Miss Rea will be married to Lieut. Commander George B. Junkin, hero of the American landing at Vera Cruz in 1914. The ceremony will be at her father's country home. "Waverly Heights," Byrn Mawr, Nov. 15.

Desire to supply the gifts himself and unwillingness to have employees of the Pennsylvania railroad make contributions or gifts are said by friends to be the reasons for the request.

### COL. ROOSEVELT DOUBLY BLESSED ON ELECTION DAY.

Oyster Bay, N. Y., Nov. 4.—At the very hour that the polls opened today to receive ballots that would send Lieut-Col Theodore Roosevelt or his opponent to the assembly, a son was born to Col and Mrs. Roosevelt. He is the fourth child, others being two sons and a daughter. Roosevelt was elected to the assembly by Nassau county. He was opposed by Elijah Raff, a soldier.

### A Rat That Didn't Smell After Being Dead For 3 Months.

"I swear it was dead at least 3 months," said James Sykes, Butcher, Westfield, N. J. "We saw this rat every day. Put a cake of RAT-SNAP behind a barrel. Months later my wife asked about the rat. Remembered the barrel, looked behind it. There was the rat—dead, not the slightest odor." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by Conrad Payne & Co., Cloverport, E. A. ## To the Breckinridge County Boys:

Being imbued with a spirit of thrift and enterprise, and knowing the destiny of our commonwealth is soon to be delivered into your hands, I should like in some way to be instrumental in aiding or encouraging you noble boys to establish your foundation on a business basis. Realizing fully that I am not in a position at this time to assist all of you in this meager way, yet my heart throbs in love for every mother's boy. Some of you will be fortunate enough to enter this contest, others will not be permitted. To those who are not, I wish to impress with the fact that my interests are just as intense, and I will in some way be just as eager to help and encourage as the more fortunate who will be enrolled in this event.

My plan is this, I wish to invest \$100.00 to be credited to the accounts of twenty farmer boys in Breckinridge county. This will entitle each boy to \$5.00. This amount will be placed to your credit in the Bank of Hardinsburg and Trust Co., and will be a small beginning for you, I wish for you not to value this donation, for its intrinsic value but place upon it my motive, which is purely to help you begin, and encourage you in your business career. The age limit in this contest is for boys 12 years old, and under. You must be boys of farmers living on a farm. It will be for your discretion as to whether you invest this amount or not. The money will be placed to your credit on December, 1st, 1919. On January 1st, 1921, I will pay a premium of \$25.00 in gold to the boy who has made the best monthly average of increase to his account, and makes the best total of his credit on date named, Jan. 1st, 1921. This contest is for beginners. Boys who are now blessed with accounts in bank, are not eligible to compete for this prize. I will ask the bank to issue you monthly statements just as they do all patrons of the Institution, this is done, that I may take your measure. I want to see a study and uniform growth of your accounts, your efforts, are not to be confined to the revenue of my donation. Your funds may be increased in any way you may secure them, except by gifts from parents or interested friends, I want to encourage thrift, energy and business by self reliance and perseverance. The manner of selecting these twenty boys is as follows:

The county is composed of six Magisterial Districts, the first district is entitled to 4 contestants; the second, three; the third, three; the fourth, three; the fifth, three; the sixth four, making a total of twenty. The applicants are requested to send their names and address plainly written to the Bank of Hardinsburg and Trust Co. The time to begin is right now. The books will be closed on November 30th. There will be provided a Ballot Box representing each of the 6 districts. The names of the contestants will be placed in the box of their respective district. On December 1st, after a thorough shaking and mixing of the Ballots, the quotas are drawn from each box, and the accounts are open on the books of the bank in favor of the successful aspirants.

I trust each little man in our county will feel at liberty to enter into this contest. I love every one of you, no mark of courtesy from you, could mean more to me than your recognition of my efforts to encourage you, and aid you in securing for yourselves lives of usefulness upon a plain of highest possible attainment.

Fondly and sincerely,  
**VIC ROBERTSON.**

## ACCUSED IN LOSS OF LOESER GEMS

Deputy Sheriff Strickland of Fla., Has His Home Searched For Missing Jewels.

St. Petersburg, Fla., Nov. 5.—Sensational developments have arisen in the mysterious disappearance of \$2,500 worth of diamonds, alleged to have been stolen from Mr. and Mrs. J. H. Loeser, prominent citizens of Louisville, who were asphyxiated by gas fumes in the home of Col. G. L. Pittinger, January 31.

Immediately after the tragedy re-

atives insisted several thousand dollars worth of jewels that the Loesers had brought to St. Petersburg were not on the premises and in all probability had been stolen.

Several days ago Nathan Harwitz told Ben Sachs, Louisville attorney, here on the case, that he had a ring tallying with the description of one of the Loeser items. He said he had bought it from W. L. Strickland, deputy sheriff.

Mr. Sachs immediately got warrant for Strickland's arrest, and also a search warrant to enter the Strickland home. Deputy Sheriff Daugherty, who served the search warrant, said he was unable to locate any of the jewelry.

Deputy Strickland insisted during the hearing that he was innocent of the charge and that the arrest was part of a scheme to ruin him and drive him from office. Friends of Strickland state that the accused man owned the disputed ring long before the Loesers met their death.

He has been released on bond of \$1,000.

The Loesers came to St. Petersburg from New Orleans, January 29. They were found dead the night following. Mr. Loeser had retired, while Mrs. Loeser evidently had been overcome by gas fumes while preparing for her bath. She was found with her feet on the floor and her head immersed in water.—Courier-Journal.

Mrs. Loeser is a sister of Mrs. A. M. Miller of Cloverport. The bodies of Mr. and Mrs. Loeser were cremated and the ashes are buried in Stephensport.

## GEESE LAY NO GOLDEN EGGS BUT THEY DO LAY PROFITS.

If the Goose of the fable was able to lay a golden egg, there is no reason why her progeny of the present era can not repeat this miracle in a more concrete form. Goose meat is nutritious and palatable and not greasy when properly cooked, and an extension of goose raising in the regions of cheap land where pasturage is abundant is a suggested source of cheaper meat.

Geese are raised chiefly in the South and Middle West, Kentucky, Tennessee, Missouri and Arkansas being the chief supply sources. During the decade ending in 1910, the total number of geese declined 22 per cent largely because of the lack of cheap pastures and the limited demand for goose feathers and goose flesh. Thousands of acres of native grass throughout the South and some parts of the Middle West are qualified for goose raising operations and should if possible, add this branch of poultry to their activities. This is the opinion of United States Department of Agriculture specialists.

The Toulouse, Emhden, Chinese, and African are the most popular American breeds of geese, the first two greatly leading the others. Occasionally the eggs are used for cooking, but generally geese are kept only for meat and feather production. Practically all the geese in this country are raised in small flocks on general farms, some men making a specialty of collecting large numbers of geese and fattening them for a few weeks before they are killed. As grass makes up the bulk of feed for geese, it is doubtful whether it pays to raise them unless good grass range is available during the summer. A pool of water for hatching and recreational purposes is also a desirable feature. The market for geese is not so general as for chickens. This point should be considered in undertaking the raising of geese. The demand and the price paid for geese are usually good in sections where goose fattening is conducted on a large scale.

### Geese Are Rugged And Hardy.

Geese are hardy birds and need shelter only in winter or stormy weather. An open shed or an old barn usually is satisfactory for this purpose. From 4 to 25 geese may be kept on an acre of land, although under most conditions 10 is a fair average. Wherever possible the geese should have free range during the grass season. Southern plantation owners keep geese to kill the weeds in the cotton fields.

Geese are fed a ration to produce eggs during the latter part of winter so that the goslings will be hatched by the time there is good grass pasture. The eggs may be hatched by either hens or geese. Some breeders prefer to raise all the goslings under hens, as geese sometimes become difficult to manage when allowed to hatch and rear their young. The period of incubation of goose eggs varies from 28 to 30 days.

Goslings do not need feed until they are 24 or 36 hours old, when they should be fed one of the mashers recommended for chickens or goslings, or a mash or dough of two-thirds shorts (middlings) and one-third corn meal, which can be made of equal parts shorts and corn meal, with 5 per cent of beef scrap added after the goslings are six weeks old. Bread and milk make an excellent feed for young goslings. Fine grit or sharp sand should also be available in winter. If goslings are to be fattened the ration should be changed to one-third shorts and two-thirds corn meal by weight, with 5 per cent of beef scrap added, while a feed of corn should be given at night.

Most geese breeders do not confine their geese for fattening, but feed them freely a few weeks on a fattening ration before they are to be marketed. The geese may be confined for two or three weeks and fattened, but some green feed or vegetable should be added to the ration. Adult geese may be fed for egg production on a mash of one pound of corn meal, one of bran, one of middlings or low-grade flour, and 10 per cent of beef scrap, which is fed in the morning; equal parts of corn and wheat, or corn alone, is fed at night. Grit and oyster shell should be kept before geese when they are laying and may be provided all the time to advantage. A constant supply of drinking water should always be available under protection so that the geese can not get their feet into the water. Cut clover, hay, alfalfa, silage, cabbages, mangel-wurzel, beets or any waste vegetables may be fed during the winter months.

### Geese Fattened in Confinement.

Young geese when fully feathered are fattened in large numbers by buyers who make a specialty of this business. Six to eight geese are generally confined for three weeks in a pen and fed by hand five times daily on a mixture of two parts of corn meal and one part of ground wheat and sifted ground oats mixed with enough low-grade flour to make a stiff batter when water is added. This mixture is put through a sausage stuffer, cut into pieces two inches long and one inch

thick, rolled in flour, and cooked like dumplings. The material is fed warm and after cooked the pieces are dipped in cold water to keep them from sticking together. Another method is to confine the geese in large pens under a shed for from three to five weeks and keep whole corn in hoppers before them all the time, using oat straw for bedding, as this material is a good source of roughage, particularly where corn silage is used as a supplement.

Nearly all breeders of geese in the South pluck the feathers from the live geese at some time prior to molting. Some pick every six weeks during the spring, summer and early fall, while others pick only once or twice a year. Feathers are ripe for picking when the quills appear dry and do not contain blood. The average yearly production of feathers of geese is about 1.1 pound. The demand for goose feathers and the practice of plucking geese appear to be decreasing, attention being concentrated on the production of young geese for market.

### 87,905,000,000 MILK CONSUMED IN THE U. S.

Estimates made by the United States Department of Agriculture show how the 87,905,000,000 pounds of milk produced in the United States annually are utilized. Forty-four and one-half per cent is used as fresh milk for human food purposes, while 36 per cent of the gross supply is converted into butter, and 4.5 per cent is made into cheese; another 4.5 per cent is transformed into canned milk, 4 per cent is used in ice-cream making, 4 per cent is used in feeding calves and hogs on the farm of origin, and 2.5 per cent is lost in shrinkage and other waste of the dairying industry.

### GRANDFATHER RECALLS THE PLEASURES OF BOYHOOD.

To The Editor Of The New York Sun—Sir: I note that the older people love to have recalled to their minds the things they enjoyed in their youth. Many such things flit through my mind, and very vividly at times.

What old boy does not remember those red top boots with copper toes and his trousers tucked in the boot legs? Then there were the home made sleds named Red Fox or Swift; home knit red mittens; fur caps made to turn down over the ears; spring poles in the woods for rabbits; horsehair snares for quails; red top skates with straps made by the harness maker and with rat tail files used to gutter out the runners?

Then there was skating on the pond; putting on one's best girl's skates, skating with her by moonlight, getting warm by the big fire built at the head of the pond, going across the "weary ice." At home mother had some hot soup partridge and milk ready for you, and you go to bed in a feather bed and sink out of sight and sleep and dream of skates, ice and best girl.

Ah! if we could have remained young and left all this bother of money making to those who seem to like it! Of course we had to do our stunts before we could go out and play. One boy would have to saw and split so much wood. One of my stunts was to memorize and recite a few verses of the Proverbs. Lord how quickly I could do it!

Saturdays we had all day to play, except the poor boys, and the rest of us turned to and helped them so they could be through with their chores and go with the rest of us. Glorious days of boyhood, precious memories of youth! They are about all we old fellows have to cheer us and make us forget our ofttime infirmities. When I see my grandson enjoying his youthful sports I say: "This is my resurrection."

### Teachers Killed At Medora by Texas Train.

Met Instant Death While Walking Along Railroad Track.

Miss Lena Shennum, age 25, of Canby, Minn., and Miss Maud Finckel, age 22, of Frankfort, Ky., two school teachers of Division 8 at Medora, Ky., were instantly killed Thursday morning as they were walking along the railroad track and were hit by No. 146 of the L. H. & St. L. R. R.

It was stated by witness who were near the scene of the accident, that a passing freight train drowned out the noise of the approaching passenger train, and the young women after waiting for the freight to pass, stepped on the track directly in front of the onrushing train which was going between fifty and sixty miles an hour. The engineer was E. H. Zirckel, and the conductor Lewis Root.

SOME PEOPLE think ADVERTISING is simply SPENDING MONEY BUT THE wise man knows IT'S the surest way to make more. THE ONLY problem is WHAT MEDIUM to use. CIRCULARS and hand-bills COST A LOT of money BUT YOU give them away SO NOBODY wants them ON THEIR front porches NOR IN their morning mail. THE SUBSCRIBER PAYS REAL money FOR HIS newspaper AND THAT'S why he values it MORE HIGHLY THAN A circular. HE BRINGS his paper home SO THAT every member OF THE family CAN READ and enjoy its BREEZY, up-to-the-minute news AND PROFIT by heeding THE HOME-TOWN merchants' BID FOR their trade. AND THAT'S a good reason FOR ADVERTISING IN A newspaper. AND NOT only that BUT THE merchant using hand-bills AND CIRCULARS hopes FOR TEN readers TO THE hundred hills, IF WILLIE delivers the 100. WHEREAS the newspaper advertiser IS SURE of at least FOUR READERS to EVERY COPY of the paper AND THEY all read and heed HIS ADS. AND THAT'S why he LOOKS pleasant AND GROWS fat in the BANK ACCOUNT. BETTER CALL up today AND HAVE our ADVERTISING MANAGER EXPLAIN.

## IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the illa afflicting people today can be traced back to kidney trouble. The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood. Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago. All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your drugist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil. After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks. Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

## DIPHTHERIA RE-PORTED IN KY.

State Board of Health Offers Suggestions to Suppress It at Once.

Diphtheria is reported as existing in more than half the counties in Kentucky. It is epidemic in several of them. This is not a cause for senseless alarm but for intelligent action. More than half the 249 deaths which occurred from this disease last year were in children whose parents failed to call a physician during the first three days of the sore throat. The greatest American authority speaking of diphtheria antitoxin says:

"When this remedy is properly used on the first day of the appearance of the membrane in the throat, there are no deaths from diphtheria. When delay in its use extends to the second day, the death rate runs from five to ten per cent; when it extends to the third or fourth day, it runs up to thirty, forty and even fifty per cent."

The following definite suggestions are offered by the State Board of Health to teachers, parents or guardians for the suppression of diphtheria.

When a child has a sore throat it should be excluded from school, kept at home in bed, separated from other children, and the family physician called. This is essential if there are whitish spots in the throat.

Specimens should be taken by the physician and examined in approved laboratories or sent to the State Health Laboratories at Lexington, or Louisville for free examination. If the case is at all suspicious antitoxin should be administered at once, 5,000 units if seen on the first day, and from 7,000 to 10,000 units if seen later. This dose should be repeated in six hours if the membrane is not getting smaller. Antitoxin is furnished by the State Board of Health at greatly reduced prices to physicians and Boards of Health.

### FELT TURBAN IS IN FAVOR

The stiff, upstanding ribbon bow at the extreme back of this fashionable little felt turban lends it a jaunty atmosphere.

### ARE THE BUTTONS ON TIGHT?

Much Time Lost and Milady Is Vexed Because of Carelessness of Manufacturers.

You know the little verse about the battle that was lost because of a train of circumstances that had rise in the fact that a certain horseshoe nail was loose, and you might revise that little verse quite within the bounds of the possible to tell of other battles that have been lost because of the looseness of buttons or fasteners at critical moments.

Now, really, isn't it a vexation to buy an expensive frock or suit only to have a button come off on the first occasion of wearing it? Perhaps the button is lost, and as there are no others like it in the workrooms of the shop where you bought the suit, you have to get along the best you can with one button missing or get an entirely new set of buttons that perhaps are not half so suitable or attractive.

An important fastener on your frock becomes loosened the second time you wear it and the third time it comes off altogether. Then you are not quite sure where the original fastener went and by the time the frock has sagged or pulled down in that particular place and when you do come to put the missing fastener on again you are never able to restore the original trimness of the frock.

In the shops where ready-made suits are sold a great deal of time has to be taken in readjusting buttons and hooks and eyes, and when the clothes have been in stock any length of time it is sometimes necessary to sell them cheaper because of missing buttons and fasteners or to go to the expense of putting on an entirely new set of buttons.

As a result of this a nation-wide campaign has been started on the part of retail men to see that manufacturers spend more time and thought on this really important matter of the loose fastener.

## SOME OFFICIALS TO HOLD PLACES

State Board Control and Tax Commissioner of Special Interest to Kentucky.

Frankfort, Ky., Nov. 6.—While the names of most of the Democrats holding political appointments at the Capitol will be stricken from the payroll after Governor-elect Edwin P. Morrow takes his oath of office, December 3, there will be a number of Democrats who will continue to hold offices all the way from a few months to several years.

Interest settles on the State Board of Control and the State Tax Commission, a non-partisan commission, the members of which were appointed under the Democratic administration but have not been confirmed by the Senate.

J. A. Scott, Republican, of Pikeville, chairman of the Tax Commission, has just served two years of a four-year term. Ben D. Ringo, of Owensboro, Democrat, was appointed for four years only last August. The other seat with the commission is vacant and has been since last July. It was rumored that Governor Black would appoint Auditor R. L. Greene to the position. In any event, however, it would be up to Governor Morrow to send the names to the Senate, and it may be that he would pursue the same course that Governor Stanley did in regard to the appointment of a member of the Board of Control, and not send the names to Governor Black's appointees.

The same is true with regard to the Board of Control of Charitable and Penal Institutions.

The members were appointed under an act of the 1918 Legislature, combining the Board of Control and the Prison Commission, and the terms ranged from two to four years. None of the appointments, though, has been confirmed.

Appointments under the Tax Commission are for an indefinite length of time. Prison guards named by the Board of Control are appointed for four years and many Democrats will

F. Beard & Co., Hardinsburg.

### HIS TURN TO BE AUDIENCE.

"What are you going to say to your constituents?" "Nothing replied Senator Corghum. "There comes a time in the career of every statesman when it is to his advantage to listen and take notes and let the constituents do the talking."—Washington Star.

continue for some time under the Morrow administration.

The term of George G. Speer, Frankfort State Banking Commissioner, will expire June 30, 1920, as will that of John W. Moorman, Leitchfield, assistant commissioner, and W. C. Shanks, Stanford, bank examiner.

The terms of Stone Walker, Louisville; Elam Hudleston, Danville; and P. C. Snider, Louisville, all bank examiners appointed by Governor Stanley, will expire in 1922.

Joe Boggs who was appointed to succeed Rodman Wiley as State road commissioner, will continue until next July. So will J. E. Barton, commissioner of forestry and geology, and Willard R. R. Jillson, assistant com-

missioner.

Moses R. Glenn, Dawson Springs, commissioner of public printing, was appointed for four years, ending June 1, 1922. The term of M. E. Lee, capitol custodian, will expire in April 1923.

The term of R. C. Thomas, Bowling Green, chairman of the Workmen's Compensation Board, will be up next April, and those of Harry J. Allington, Covington, and Nat B. Sewell, London, other members of the board, in 1922 and 1923 respectively. C. J. Howes, Frankfort, recently was appointed secretary.

### State Fair Board.

Three of the four Democratic members of the State Board of Agriculture

will continue from one to three years.

The term of Frank Kavanaugh, State Librarian, who is elected by the legislature, does not expire until June, although a librarian will be elected by the general assembly in January.

The fact that two of the railroad Commissioners are Republicans probably means a change in that office force. R. L. Tobin, Frankfort is secretary; B. N. Gordon, Madisonville, stenographer, and William Pruess, Louisville, rate clerk. All are Democrats.

Five Democratic appellate judges and Commissioner Clay will continue to sit, their offices not being affected in any way by the election. Employees of the various departments, however, have to hunt new jobs.
